00. Accessing the Media Manager

You can access the Media Manager tool from the Joomla! Control Panel by clicking the media manager icon.

You can also access the media manager from the Site menu in the Joomla! Backend. Simply click on the Media Manager option in the drop-down menu.

01. Navigation

- 01 Action: Click on a folder's icon in the "Files" pane
Expected result: The selected folder will be opened.
- 01.1 Action: Click on a folder's name in the "Files" pane
Expected result: The selected folder will be opened.
- 01.2 Action: Click on a folder's icon in the "Folders" pane
Expected result: The selected folder will be opened.
- 01.3 Action: Click on a folder's name in the "Folders" pane
Expected result: The selected folder will be opened.
- 01.4 Action: Click on the small "+" icon next to a folder in the "Folders" pane
Expected result: The selected folder will be expanded and the sub-directories inside the folder will be displayed.
- 01.5 Action: Click on the small "-" icon next to a folder in the "Folders" pane
Expected result: The selected folder tree will be collapsed.
- 01.6 Action: Click on the "up" icon in the "Files" pane.
Expected result: You will move upwards in the directory structure.

02. Upload an Image

- 02 Action: Click on 'Browse Files' at the bottom of the Media Manager.
Expected result: A window will pop up, allowing you to select a image to upload.
- 02.1 Action: Select an image from the pop-up window.
Expected result: The selected image's file name and size will be displayed at the bottom of the Media Manger.
- 02.1.a Action: Click on "Start Upload" at the bottom of the Media Manager.
Expected result: The image that has been selected will be uploaded and will appear on the Media Manager page.
Note: If an image has not been selected, nothing will happen.
- 02.2 Action: Select multiple images to upload
Expected result: Selecting another image to upload will cause the second image's file name and size to be displayed below the previously selected image.
Note: . This allows you to select multiple files to upload in a queue.
- 02.2.a Action: Click on "Start Upload"
Expected result: The images that have been selected will be uploaded and will appear on the Media Manager page.
Note: If no images have not been selected, nothing will happen.
- 02.3 Action: Click on clear completed at the bottom of the Media Manager..
Expected result: Images that have been successfully uploaded will be cleared from the queue at the bottom of the Media Manager.

Note: If no images have been successfully uploaded, nothing will happen.
